### Declaration

As an importer/Responsible Supplier of inverters for the Australian market, I will (Please Tick):  
 Abide by the Terms and Conditions for listing an inverter on the Clean Energy Council (CEC) approved product list. Refer to:

<https://www.cleanenergycouncil.org.au/industry/products/terms-and-conditions/inverter-terms-and-conditions>

- Maintain registration as a Responsible Supplier on the Electrical Equipment Safety System (EESS) Database
- Ensure my products are compliant with all relevant requirements as specified by Australian standards, regulations and legislation
- Expect that my product could be the subject of a testing program and will sell stock inverters for testing
- Understand that non-conformances with certification could lead to removal from the CEC approved product list
- Include full disclosure of country of manufacture in my customer documentation
- Maintain a public website which provides access to customer documentation (datasheet, install manual and warranty) as provided to CEC by the manufacturer.
